Shaping the future

As pioneers in mining and metals, we produce materials essential to human progress. Our talented workforce uses industry-leading mining processes and technology to ensure our operations are safe, low cost and efficient. We have opportunities available:

## Survey Assistant

A vacancy exists for a Survey Assistant in the Survey Section of the Mining Department **on a 12-month fixed term contract**. Reporting to the Senior Surveyor, the successful candidate will be responsible for providing surveying service for the survey section.

### Key performance areas

- Maintain health, safety and environmental standards;
- Measures excavation movements within the Open Pit;
- Carries out a variety of survey tasks such as control and taking of blast patterns, misfires, composites, drill patterns, lost steel (drill rods);
- GPS survey blast hole collars before stemming to ensure accuracy of blast master;
- Performs GPS tachy surveys;
- Measures and stakes with Robotic Total Station ie Trimble S6 and Leica Viva;
- Installs level profiles for elevation control (eg grade boxes).

### Minimum qualifications

- Grade 12, 20 points with Mathematics & Science and an E symbol in English;
- Code BE driver's licence.

### To apply
