

Expression of interest

Engineering consultancy services

Reputable engineering firms are invited to submit an Expression of Interest (EOI) to provide specialist engineering support/and services to Rössing Uranium Limited. The intended services will range from fully-fledged engineering designs, project management, engineering studies and design reviews. The key part of this service will be to provide specialist skills pertaining to structural assessments, modelling of structures, remediation methodologies, and repairs for plant mechanical structures and process tanks.

Key objective

Rössing are specifically looking for firms with experience in processing plants in the following key areas.

- Process plant equipment design;
- Finite Element analysis and modelling;
- Structural assessments: Tanks and steel sections;
- Structural remediation: Tanks and steel sections;
- Process pipe analysis: Process re-agents & chemical;
- Quality control on remediation work by contractors;
- Project management: (ex. scheduling, contractor management, cost control).

Full technical specifications and scopes will be supplied by Rössing Uranium.

Contract duration is for a period of three (3) years.

Requirements

References

Submit Proof and list recent projects of a similar nature and magnitude carried out.;
Submit Proof of Qualifications and experiences of human resources that are available for the execution of such works.

Financial stability

Reliable financial stability of contractor/sub-contractor;
Submit Proof of Company annual turnover for last two (2) years and any other relevant information.

Insurances

The contractor must be insured against claims covering workers' compensation, property damage, and personal liability in case of accidents. Subcontractor must be adequately insured as well against various losses.

Health, Safety and Environment

The contractor and subcontractors are required to adhere to all legal Health, Safety and Environment Standards and regulations and will be subject to HSE requirements set by Rössing Uranium. Contractors to submit proof of their HSE policies and standards.

Expression of Interest documents should be submitted by email to RUL.Tenders@riotinto.com

Closing date for the EOI submission: 22 March 2017 at 12.00

Please access the Rössing website www.rossing.com for more information on this EOI.

Enquiries: Wally Strauss – franciscus.strauss@riotinto.com

Tender Process

Following receipt of EOI from companies and a selection of suitable suppliers, the selected suppliers will then be invited to participate via a web based sourcing engine used by Rio Tinto. There is no cost to this but companies should have full internet access to be able to participate.

Tender documents with detailed scope of work and all other relevant information will only be accessible following selection and access to this system.
